

# the STONEBRIDGE SLATE

## President's Message

Good day, neighbours!

I hope that everyone has been getting outside to enjoy the warmer weather. I want to give a huge thanks to our soccer coordinators, Eric and Terri Sanderson, for organizing the Stonebridge outdoor soccer program for both our kinder soccer and U5 to U9 teams - it's a lot of work, and they're doing an amazing job! I also want to acknowledge all the parents who have volunteered to coach their child's team - we would not be able to offer soccer without your help!

I wanted to let Stonebridge residents know about a construction project the City is planning this summer:

### RECREATION AMENITY BUILDINGS PROJECT

In 2019, City Council approved funding for additional recreation amenities in Evergreen (Funk Park); Hampton Village (Al Anderson Park); Rosewood (Glen Penner Park); Stonebridge (Alexander MacGillivray Young Park); and Willowgrove (Wallace Park) neighbourhoods. This funding includes rink utility connections for Evergreen, Rosewood and Stonebridge community rinks. Depending on the site, additional support amenities could include some combination of washrooms, shade structures, storage and warm-up spaces.

Funding for these items were established through a Community Centre Levy first implemented in 2003 for Hampton Village and Willowgrove neighbourhoods; and subsequently implemented for Evergreen, Rosewood and Stonebridge neighbourhoods.

Our amenity building in Stonebridge will be built adjacent to our existing spray park in Alexander MacGillivray Young Park. The plan is for it to function as an activity space for the summer play program, and also as a warm-up space for the community rink, which will be built adjacent to the amenity building. We're excited for this addition to our park, and we know it will get a lot of use! For more information on the amenity building, contact Mark Campbell, the City of Saskatoon Open Space Consultant, at [mark.campbell@saskatoon.ca](mailto:mark.campbell@saskatoon.ca)

#### PLANS FOR THE RINK!

The Stonebridge Community Association is making plans to build a rink this summer, in Alexander MacGillivray Young Park, behind the schools and adjacent to the existing spray pad. Our plan is for our construction to coincide with the new amenity building that's being installed by the City of Saskatoon.

Our rink will be 120' x 60', constructed with rink boards and a chain link fence above, and a gravel base. Water service and the electrical service (for the rink lights) will come from the amenity building, where there will be storage for rink necessities such as shovels, nets, etc.

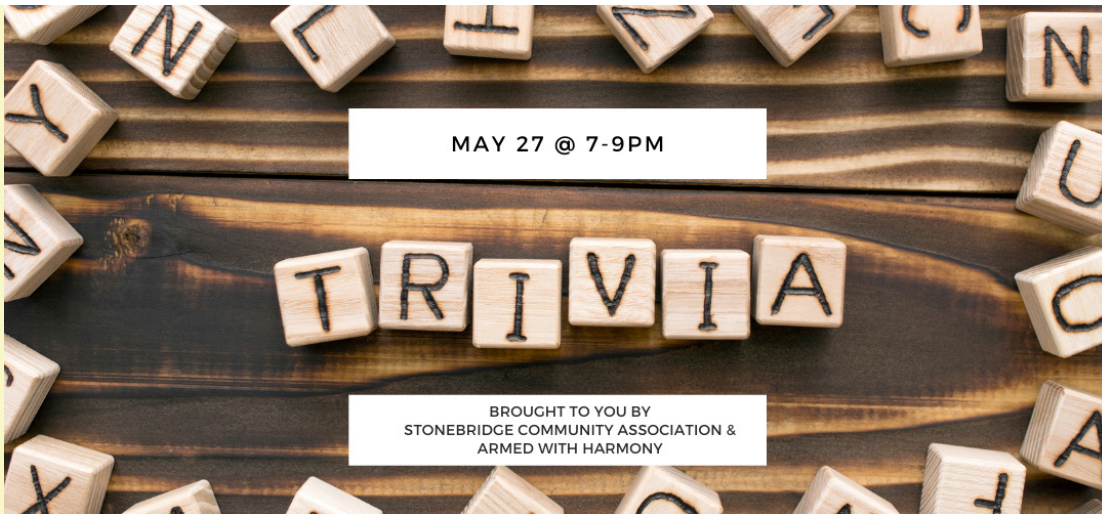

#### ALEXANDER MACGILLIVRAY YOUNG PARK (BEHIND THE SCHOOLS)

We will need your help for the build! Contact us at [ourstonebridge.info@gmail.com](mailto:ourstonebridge.info@gmail.com) to be added to the volunteer list!

#### Rink Fundraising!

Students from our two schools here in Stonebridge took part in a school-wide coin drive to help raise money for our community rink. The result? These students raised a total of \$6,217.10! Big shoutout to the students of Chief Whitecap and St. Kateri schools!!

The Stonebridge Community Association, along with Armed with Harmony, are bringing you another online Trivia Night to raise funds for the construction of our community rink!!

Join us for a night of fun via Zoom and get a chance to win some amazing prizes! Tickets are \$10 and all proceeds will go directly towards the rink. May 27th, 7PM to 9PM. Visit our website ([www.ourstonebridge.ca](http://www.ourstonebridge.ca)) or our Facebook page to purchase tickets!

COMMUNITY ASSOCIATION

**Calling all Stonebridge-based Builders!**

We are moving into the building phase of our new community rink, slated for summer of 2021, but we need YOUR HELP!

We are looking for volunteers, in-kind donations, contractors, and local businesses to reach out to help make this as much of a community build as possible.

Please reach out to our rink coordinators, Brahm Enslin and Rayna Fisher, through [ourstonebridge.info@gmail.com](mailto:ourstonebridge.info@gmail.com) to discuss how you can help!

#### STONEBRIDGE COMMUNITY GARDEN 2021 UPDATE

The Stonebridge Community Garden is located in Peter Zakreski Park and consists of 33 plots (20 large, 13 small), 2 community plots, 2 raised beds, and a fruit garden. A small group of volunteers and many plot owners work hard to maintain the garden. The community garden continues to receive a lot of interest each year. All of our plots have been allocated for 2021 and we have 25-30 people on the waiting list. We will operate this year with COVID restrictions in place in accordance with what is outlined by the City of Saskatoon. This includes recommendations of mask use and social distancing while in the garden.

In early April, many of the gardeners worked hard to clean up the Peter Zakreski Park. The community garden received a grant of \$500 for this clean up from Eco Friendly Saskatchewan. These funds will go towards environmentally friendly projects in the garden, such as composting, attracting pollinators, and adding more native plants.

We plan to submit an application for a garden expansion this fall to the City of Saskatoon. This would create more garden plots and help address the high demand for plots in Stonebridge.

If you are interested in gardening with us, please contact [stonebridgecommunitygarden@gmail.com](mailto:stonebridgecommunitygarden@gmail.com).

#### WHY VOLUNTEER TO COACH YOUR CHILD'S SPORTS TEAM?

You can coach your kids and you get to spend more time with them, doing something fun and helping them master new skills. You will have an important influence over your community! Ask any adult who has played sport for a while and there is a good chance that they had great people who were their coaches. You will be remembered for all the right reasons and kids will copy your example. Leadership, responsibility, and commitment all have their own rewards, and these are abundant when you volunteer to coach!

SEASONAL FUN!

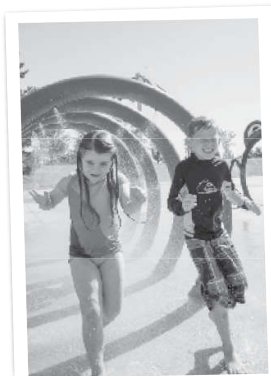

WHERE TO PLAY / WHERE TO HANG

Spray Pads

*Cool off on your own time!*

FREE! Open June 1 to September 6 from 10:00 AM-8:00 PM daily.  
During the school day Spray Pads are turned off during lunch & recess.
