

the STONEBRIDGE SLATE

PRESIDENT'S MESSAGE

Good day, neighbours!

Updates from the Stonebridge community association: we are looking forward to our community-wide garage sale on Saturday May 11th! You can register your house as a participant, or you can visit our website for a map of all the participating homes and find some treasures to take home yourself!

We are still looking to fill some key positions on our community association executive. Volunteering in your community is a rewarding and fulfilling experience. Not only does it give you an opportunity to give back and make a positive impact on those around you, but it also helps to build a stronger and more connected community. By lending your time and talents, you can help to address important issues, bring people together, and create lasting change. So why not make a difference today and consider volunteering in your neighborhood? You'll not only feel good about making a positive impact, but you'll also meet new people, gain new skills, and have a lot of fun in the process. We are in need of leaders and champions for our community programs and events!

Please share your opinions, ideas, and feedback by contacting me with suggestions at ourstonebridge.info@gmail.com.

Menstrual Health Matters

The Family Health Lab at the University of Saskatchewan is conducting a research study focused on understanding and improving menstrual pain in youth.

We are seeking youth ages 10-13, who have not yet had their period, and a parent/caregiver to participate in this important research!

Participation involves completing a series of online surveys.

Families will be compensated each time they complete a survey!

To learn more about this study or participate, use the QR code or visit:

<https://familyhealthlab.com/teenperiods>

You can also email us at:
family.health.lab@usask.ca

This study has been approved by the University of Saskatchewan Behavioural Research Ethics Board (BEH 2777).
